

## Important information regarding applying for a trade certificate replacement

A trade certificate is issued by the Western Australian Department of Training and Workforce Development when an individual has successfully completed a qualification, either through an apprenticeship training contract, or through the recognition of prior skills process conducted by a registered training provider.

If the original trade certificate is destroyed, lost or stolen, a replacement trade certificate may be issued by completing the *Application for a replacement trade certificate* on the following page, which includes a statutory declaration.

This application must be witnessed by a person authorised under the:

- Western Australian *Oaths, Affidavits and Statutory Declarations Act 2005*

or;
