

# **HLT07 HEALTH TRAINING PACKAGE**

**Version 5.1**

**WA NOMINAL HOURS GUIDE**

## **Introduction**

This Guide has been generated to enable the stakeholders in the health industry in Western Australia to participate in the managed implementation of the National HLT07 Health Training Package.

This Guide is designed to aid Registered Training Organisations (RTOs) to convert from existing Training Package qualifications to new Training Package qualifications within the scope of their training delivery.

The Guide should be read in conjunction with the endorsed components of the Training Package.

Version 5.1 of the HLT07 Health Training Package was released by Training.Gov.Au (TGA) on the 14 September 2013

## **Transition Arrangements**

Registered Training Organisations (RTOs) are required to deliver Training Package qualifications within 12 months of the release date of the Training Package on to Training.gov.au (TGA).

Students currently enrolled in an existing version of the Training Package qualification should be permitted to complete the program they enrolled in initially, unless the move to the related qualification from a Training Package can be made without disadvantage to a student.

## **Nominal Hours**

Nominal hours are the hours of training notionally required to achieve the outcomes of units of competency.

Nominal hours are identified for nationally endorsed qualifications. Nominal hours may vary for a qualification depending on the selection of units of competency.

In Western Australia, nominal hours are used as a mechanism for funding allocation.
