

## Department of Training and Workforce Development approved Trade Skills Recognition provider list

The Department of Training and Workforce Development issues trade certificates under the trade skills recognition (TSR) pathway, if the registered training organisation (RTO) conferring the qualification is on the Department approved TSR provider list.

Individuals seeking a TSR trade certificate are required to check the below list, before engaging an RTO to undergo a recognition of prior learning process for the conferral of the qualification. The list is updated when an RTO is added or removed, or changes are made to an RTO's scope of approved qualifications.
