## NOTES

**CE** - Course enrolment. This is based on the Department's course enrolment definition designed for reporting flexibility which takes into account a number of variables in addition to student and course i.e. fund source, training type, training delivery location and VET delivery to secondary schools status.

**SCH** - Student curriculum hours. This is the sum of the nominal number of hours associated with each module or unit of competency enrolled in. SCH is considered to be the most objective measure of VET activity and is used as the basis for funding of training.

**End of study** - All figures are calculated on an 'end of study' reporting approach. CE and SCH are linked to unit of competency or module enrolments counted only when they have ended and an assessment outcome or withdrawal has been reported.
